People in Midland County Lend Their Muscle To Those In Need.

MIDLAND. Saturday was the United Way of Midland County's Fall Day of Caring. This annual event sets aside one day each fall to reach out a helping hand to people in need.

Nearly 200 community volunteers formed teams and worked together to complete almost thirty projects. Blessed with beautiful weather, the teams worked on a multitude of projects, ranging from raking, painting, staining, weatherization and small handy-man projects.

"We had such a good time and the homeowner was overwhelmed with joy," shared one volunteer.

Serving those in our community that are most vulnerable—the elderly and the disabled—these community advocates truly demonstrate the caring power of our community.

"So many of us take for granted to ability to do simple things, like rake the yard and clean out the gutters. When you're in a wheelchair, those day-to-day activities become more of a challenge," stated one grateful homeowner.

Throughout the year, United Way of Midland County Volunteer Center connects more than 2,300 volunteers with opportunities to improve the quality of life within our community. Join us in turning your passion into action by becoming a volunteer.

For more information or to volunteer, call the United Way of Midland County Volunteer Center at (989) 631-7660, email at dayofcaring@unitedwaymidland.org or visit us at www.volunteermidland.org.
