INSTRUCTIONS

BEFORE THE PRESENTATION

1. Download the Anything but Trivial Pursuit PowerPoint game and print the pdf instructions.
2. Print out 3 copies of the game pieces pdf page.
3. Distribute one game board to each team.

PLAYING THE GAME

1. Break up into 3 groups (have them number off, or just divide them up).
2. Have them move together as a team and elect a spokesperson.
3. Begin the Power Point slide show.
4. A single click will move you from slide to slide
5. Each team will be given one question from each category. If they answer correctly, you will check that category box on their score card. Only one person answers for the team, however, they can discuss prior to giving an answer.
6. If they answer incorrectly, they do not receive that categories color piece.
7. Each of the 3 teams will be given a question in each category.
8. You may want to establish a 10 or 20-second time limit to answer each question.
9. At the end of the game, determine if anyone has a check for each category.
If not, see who has the most.
10. In the event of a tie, a final question has been provided as a tie-breaker (first to answer wins).
11. Be sure to show the last slide (We all win!)
